This was amazing

I really enjoyed this volume, best one yet!. This series has been amazing and I can't wait to read the next book, 5 stars!

Omni-boy:

Waiting for the next

This series has been great although the story is becoming a bit random, hopefully with Olivia now safe we can get back to the heartless storyline.

The observer:

Great writing

A really solid Nightwing story that balances action and character moments well. The Titans dynamic feels authentic, and Nightwing's leadership really shines through. Not the most ground-breaking arc, but definitely enjoyable and worth the read.
